Quiet Flight -BellarineDunes (Widebacks) 108"	2 yards - Your favourite of the 14 designs *Whole backing with left over fabric	6070W-01 to 14
OR		
Speckled - Perennials - Quiet Flight - BellarineDunes 44"	4 yards -Your favourite of the 10 designs *Pieced backing with left over fabric	60704-01 to 14

ABOUT DRIFT – SPECKLED

DRIFT – Speckled is designed to showcase the soft, versatile palette of *Speckled Perennials,* pairing two Fat Quarter Bundles (or yardage) with *Speckled Perennials – Oatmeal* and your choice of a coordinating *Speckled Perennials* or a *Quiet Flight – Bellarine Dunes Wideback* as the backing.

Simple half-square triangles create a modern yet soft quilt, allowing the subtle texture and gentle coastal colours of the *Speckled - Perennials* collection to take centre stage.

CUTTING

***Speckled Perennials* - Fat Quarter Bundles**

Set aside the Oatmeal Fat Quarters.

From the remaining 18 Fat Quarters, cut: -

▪ Sunrise Gold:	5 × 9" squares	Required: 9 HST units	Leftover: 1 HST unit
▪ Eucalypt:	4 × 9" squares	8	
▪ Blush Pink:	4 × 9" squares	8	
▪ Driftwood:	3 × 9" squares	5	1
▪ Dune:	5 × 9" squares	9	1
▪ Duck Egg:	6 × 9" squares	12	
▪ Sea Glass:	2 × 9" squares	4	
▪ Dusk Blue:	2 × 9" squares	4	
▪ Graphite:	5 × 9" squares	9	1
Total:	36 Coloured 9" squares		

Speckled Perennials – Oatmeal

From the two Oatmeal Fat Quarters, cut 8 x 9" squares.
From the 2 yards Oatmeal, cut 7 × 9" width of fabtric (WOF) strips. Subcut each strip into 4 to make 9" squares.

Total: 36 Oatmeal 9" squares

Speckled Perennials – Graphite

From the ½ yard of Graphite, cut 7 x 2 ½ " width of fabric strips that you will use for the b inding.

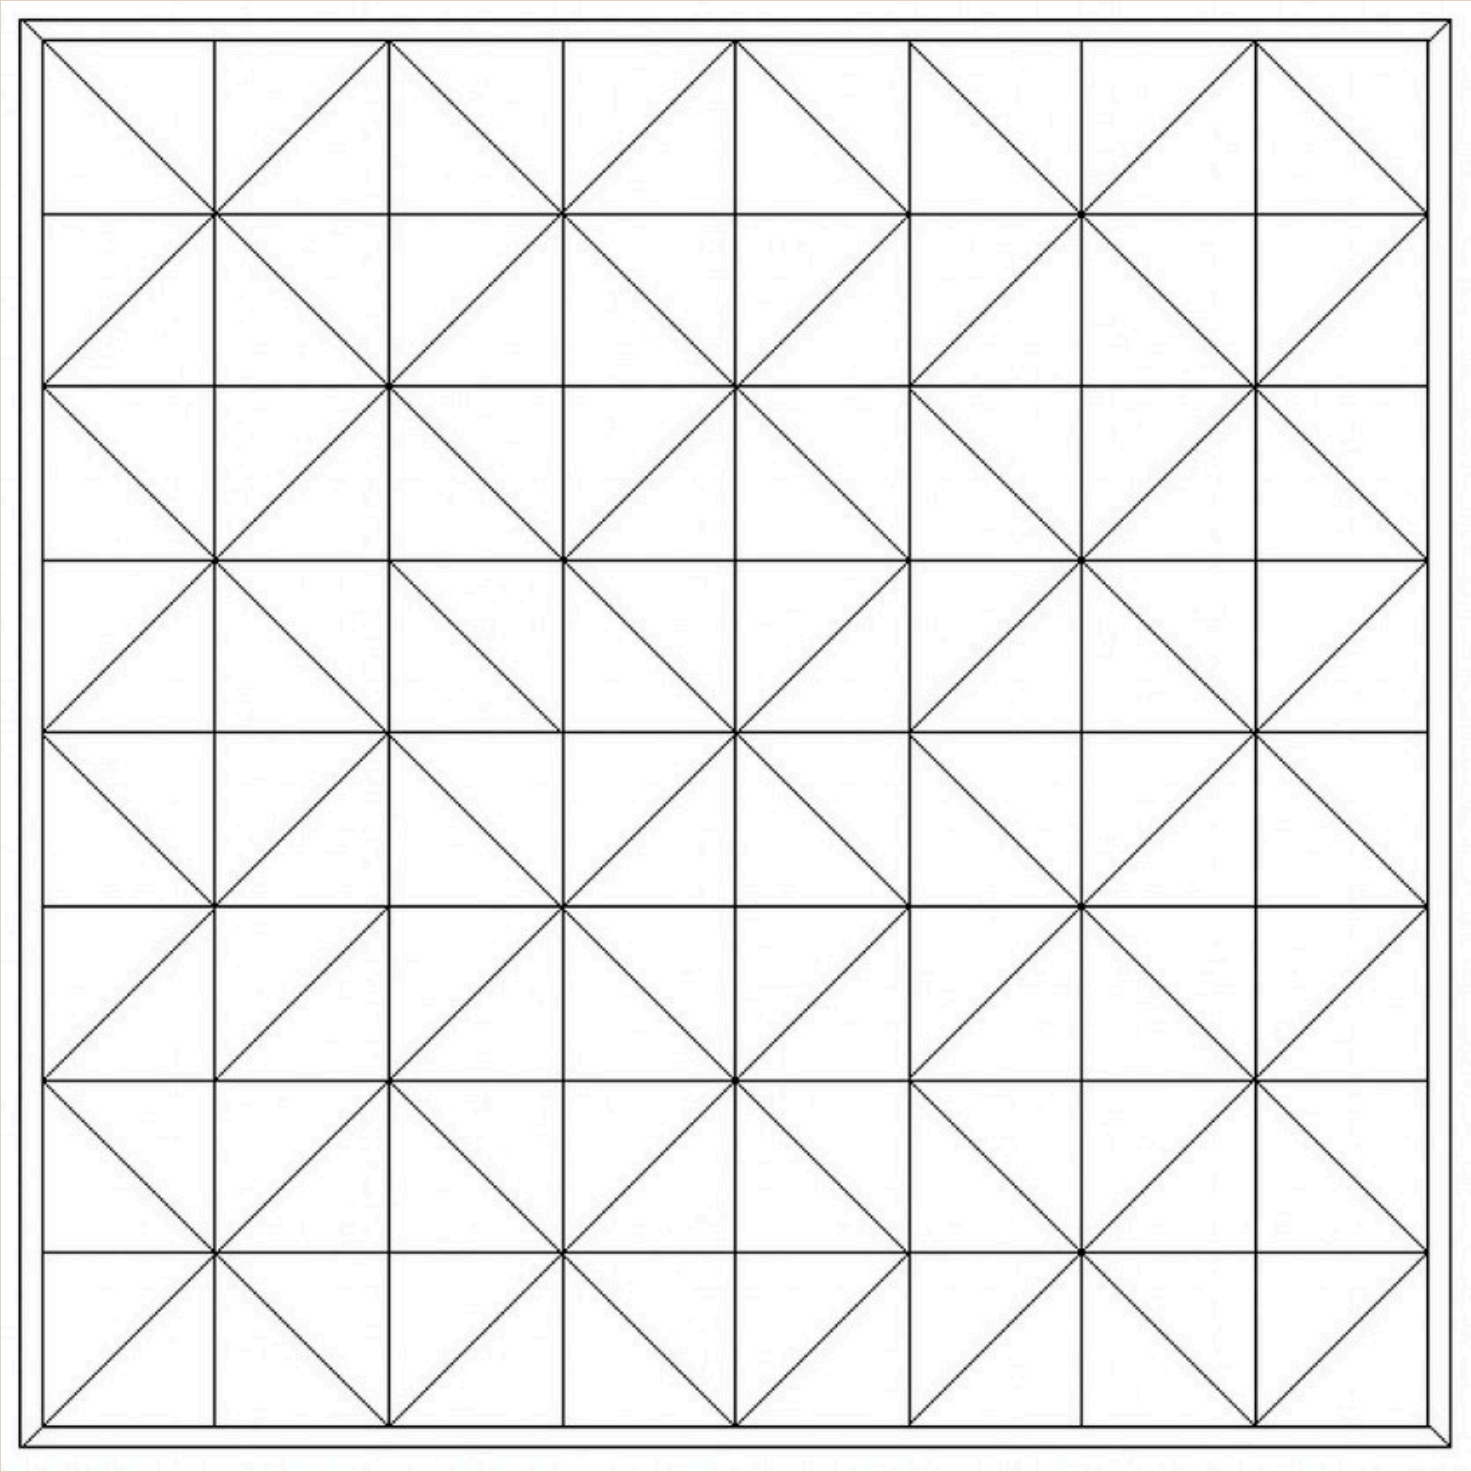

SEWING

MAKE 64 HALF-SQUARE TRIANGLE UNITS

1.Pair one *Speckled Perennials* 9" square with one Oatmeal 9" square, right sides together.
2.Draw a diagonal line from corner to corner on the wrong side of the Oatmeal square (or use your ViviLux Laser**).
3.Sew a ¼" seam on each side of the marked line. You can chain-piece these units.
4.Cut along the marked line. You will now have two HST units.
5.Press seams toward the coloured *Speckled Perennials* fabric.
6.Trim each HST unit to 8½" square.
Repeat to make 72 HST units. From these, select the 64 required to make the quilt pictured using the HST reference above, or select according to your design preference.

ASSEMBLY

7. Arrange the 64 HST units in 8 rows of 8, referring to the *DRIFT - Speckled Perennials* quilt image. Alternatively, use the diagram below to plan your own colour flow.
8. Sew the HST units into rows using a ¼" seam allowance.
9. Press the adjoining row seams in alternating directions.
10. Join the eight rows still using a ¼ inch seam allowance. Press open or to one side, as you prefer.
11. Finished quilt top: approximately 64" × 64".

FINISHING

13.Layer the quilt top, batting and backing. Baste and quilt as desired.
14.Trim the backing and batting square with the quilt top.
15.From the ½ yard of *Speckled Perennials* Graphite that you have cut into 7 strips of 2 ½" width of fabric (WOF) you will now prepare approximately 280" of binding. Sew the ends of the pieces together diagonally, trim and press.
16.Bind using your preferred method.

******* OPTIONAL TOOL TIP *******

I use my **Creative Grids Stripology® XL ruler** to speed up cutting and a **ViviLux 3-in-1 Laser** to sew HSTs without marking diagonal lines.
Both are optional — simply use your usual ruler and marking method if preferred.

******* A NOTE ON METHODS*******

There are many wonderful classes offered at your **Local Quilt Shop**, Quild or Online (YouTube) that provide detailed step-by-step instructions for methods used in this pattern including: -

- Rotary cutting with a Ruler or Stripology Ruler
- Chain-piece sewing of Half Square Triange (HST) units and Binding Strips using leaders and enders
- Sewing two-at-a-time Half Square Triange (HST) units with drawn markings or using a Vivilux Laser
- Pressing
- Pinning, including pinning rows together
- Sewing binding strips together diaganolly
- Layering, basting and quilting your quilt. Quilting methods include hand quilting, quilting on a domestic machine with a walking foot or free-motion, using a professional long-arm quilting service or long-arm quilting yourself!
- If you are using a professional long-arm quilter, please note that it is usual for your quilter to ask that your backing measures an additional 4" from each side of your finished quilt as a minimum. For this quilt, finishing at 64" x 64", you would need to provide a backing measuring 72" x 72".
- If you are piecing the backing of your quilt, it is recommended to use a ½ " seam allowance and press this open.
- Attaching binding to quilts using a variety of methods (including machine sewing to front and blind hand-stitching to back, machine sewing to back and machine sewing from front, using a binding attachment to sew binding to front and back of quilt simultaneously etc.) The method of binding is your choice and will often depend on your available time and the intended use of your quilt - ie. show quilt, quilt to be used and washed frequently, quilt made in a hurry as a gift!
